

DialCare Teledentistry

DialCare Teledentistry provides a comprehensive teledental solution. DialCare Teledentistry offers convenient, robust care through 24/7/365 virtual consultations with licensed dentists via phone or video chat for advice and diagnoses on a wide variety of oral health ailments, urgent care, dental-related questions and second opinions. With DialCare Teledentistry, you can access the care you need on your schedule.

DialCare Teledentistry can advise you on the following:

- Oral pain
- Broken, chipped, sensitive or misaligned teeth
- Gum swelling and bleeding
- Sores, lesions, swelling or infections
- Orthodontia needs
- Provide expert second opinions to give peace of mind for oral health diagnoses and treatment options
- Provide clinically appropriate, non-DEA controlled prescriptions when needed
- And much more

When to use DialCare Teledentistry:

- For non-emergency dental issues, questions and concerns
- When you live a significant distance from a dentist
- For second opinions on dental care
- When your primary dentist is unavailable
- When traveling within the U.S. and in need of dental care or guidance
- During or after normal business hours, nights, weekends and holidays
- To avoid unnecessary trips to the E.R.

How to Access:

1. To register, follow the link you received in the confirmation email, download the DialCare mobile app or visit the DialCare website. If you're having problems registering, you can call DialCare's toll-free number for assistance.
2. Once registered, you can log in to the website or through the mobile app to begin requesting consults and to update your medical history. You can also call us at our toll-free number.

State availability may vary. Please visit dialcare.com/states for up-to-date information.

A consultation fee of \$45 applies to all consults.
