

LawAssure is a self help online tool for anyone with straightforward legal needs. We can help you get key legal documents in place without the expensive lawyer fees.

LawAssure's system interviews you and uses AI to create customized legal documents. Once your documents are created they can be safely stored online for editing or exported for printing and signature. Our secure workflow also allows you to share documents with anyone, such as a family member or trusted advisor.

LawAssure is not intended to replace the advice of an attorney. We recommend seeking the advice of an attorney in addition to using our online self help online tool.
