

Life Line Screening

Awareness and early detection of disease is powerful. That's why our purpose is to make you aware of unrecognized and potential health problems, and encourage follow-up care with your personal physician to strengthen their understanding of your total health.

Benefits of Screening:

- *Early detection of serious conditions*
- *Prevention of disease progression*
- *Peace of mind so you can enjoy life*
- *Savings with more affordable screenings*
- *Control, no insurance required*
