*\*While our provider lists are continually updated, provider status can change. We recommend that you confirm the provider you selected participates in the program when scheduling your appointment. Actual costs and savings may vary by provider, service and geographic location. We use the average of negotiated fees from participating providers to determine the average costs, as shown on the chart. The select regional average cost represents the average fees for the procedures listed in Los Angeles, Orlando, Chicago, and New York City, as displayed in the cost of care tool as of June 2020*
